

Riverfront Redevelopment Project Public Information Meeting

Columbus Low-Head Dam Hear What the Experts Have to Say

Columbus Low Head Dam

Kayakers in the Water

Hazardous Sign in Columbus

Wednesday, September 28th, 2016

6:00-8:00pm

Meeting Hall

Columbus City Hall

This short presentation and open house will focus on low-head dams and why there is a current movement to remove them. Specific attention will be given to the low-head dam on the East Fork of the White River in downtown Columbus, and what its removal will mean to the Riverfront Redevelopment Project.

Speakers Include:

Doug Keller, Indiana Department of Natural Resources

Robert Barr, Research Scientist, CEES, Dept. of Earth Sciences, IUPUI

Rich Cogen, Executive Director, Ohio River Foundation
