

Call A Bus Paratransit Application

ColumBUS Call A Bus Paratransit service is designed for eligible riders who have a disability that sometimes or always prevents them from riding the fixed route bus. All of our fixed route buses are equipped with ramps for use with wheelchairs or scooters. Our buses also have a “kneeling” feature that lowers the bus closer to the ground to help people who have difficulty climbing stairs or stepping up. There is priority seating behind the driver for persons with disabilities and seniors. ColumBUS Transit offers free assistance and training to those interested in learning how to ride the fixed route buses.

Call A Bus service is designed for individuals who are unable to access ColumBUS Transit’s fixed route buses and are within a ¼ mile corridor of the fixed route buses. Simply having a disability or being inconvenienced or uncomfortable on the fixed route buses may not guarantee service. **Riders applying for this service must be unable to access fixed route buses due to conditions which prevent them from being able to get on, ride, or get off an ADA accessible, ramp equipped, kneeling vehicle.**

There are numerous types of eligibility that may be granted to a Call A Bus client including unconditional, conditional, permanent, and temporary. This application has two (2) parts and both must be completed or the application will be returned to the applicant. The questions contained herein are meant to determine the circumstances under which riders can use fixed route or Paratransit services. Eligibility to ride ColumBUS Call A Bus is granted for a period not to extend three (3) years at which time a new application (part 1) and Professional Verification endorsement (part 2) must be renewed. An applicant representative may NOT serve as the professional that completes part 2 of this application and applications must be submitted within thirty (30) days of signature of the Professional Verification endorsement (part 2).

ColumBUS Call A Bus will determine eligibility within twenty (21) days of the submission of a completed application. ColumBUS Call A Bus will notify you in writing of the decision regarding your eligibility for Call A Bus service. If ColumBUS Call A Bus has not made an eligibility determination within 21 days, temporary eligibility will be granted until a decision is made. If it is determined applicants are not eligible for ColumBUS Call A Bus service, information on the appeal process will be provided with the notice of ineligibility.

Additional Information

Please use this space to tell us anything else about your travel challenges and your ability to use the ColumBUS Transit fixed route service:

Information Release

In order for ColumBUS Transit to evaluate your part of the application, it may be necessary to contact someone who is familiar with your abilities. This does not need to be the person that fills out the Medical Professional’s Questionnaire. This can be a Case Manager, a Social Worker, or an employer, for example. Please complete the following information and authorization.

The following professional is familiar with my disability and functional abilities and is authorized to provide the required information to ColumBUS Transit.

Name _____
Address _____
Phone _____ Email _____

I hereby certify that the information given in this Questionnaire is correct. I understand that if my application is not found to be eligible, that I may appeal such determination within sixty (^0) calendar days and that I will be advised of the procedures for such an appeal. I hereby authorize ColumBUS Transit to contact the professional or agency listed above to verify functional abilities.

Applicant’s Signature _____ **Date** _____
Witness (if assisted) _____ **Date** _____

Medical Professional's Questionnaire

Your patient/client has requested eligibility for ColumBUS Transit Call A Bus ADA transportation service. Because of your professional relationship with this applicant, you are uniquely qualified to help clarify his or her **functional abilities and limitations**. The following are guidelines for using Call A Bus. ColumBUS Transit policy requires this information to be completed by a medical professional (Physician, Physician Assistant, Licensed Nurse, Physical Therapist, Rehabilitation Specialist, Licensed Psychologist, Licensed Counselor) who is not only familiar with the applicant's diagnosis, but who is also familiar with his/her mobility.

ColumBUS Transit fixed-route and Call A Bus Service

ColumBUS Transit offers two different types of transportation. ColumBUS Transit fixed-route service provides many accessibility features that make it possible for people with different types of disabilities to use it. These features include low-floor buses, bus kneeling, and low-slope boarding/alighting ramps (no steps), tie-downs and passenger restraints for wheelchairs, bus stop announcements, large print bus identification signs, priority seating, and alternative-format schedules.

Call A Bus Paratransit service provides curb-to-curb transportation on a shared-ride basis to eligible individuals whose disability prevents them from using the fixed-route bus transportation at all, or under certain circumstances.

Call A Bus is based on ADA eligibility which includes consideration for **Functional ability** to independently perform the tasks necessary for bus use including getting to and from the bus stop, getting on the bus, riding the bus and understanding how to navigate the system in a variety of environments, whether the disability **prevents** the individual from performing these tasks (as opposed to the task being inconvenient or difficult) as well as whether the individual can perform these tasks **all of the time, only under some circumstances, or never**. A diagnosis by itself does not qualify an individual for Call A Bus.

Please relate your comments as to how this individual's physical, sensory, cognitive or emotional problems may impact his/her ability to travel on a bus or relate to specific tasks necessary to get to and from a bus stop, board, ride and navigate the ColumBUS Transit fixed route system

If you have any questions regarding this Questionnaire, please contact ColumBUS Transit at (812) 376-2506. Thank you!
