Finance Charges – Finance charges on a credit card in instances where a receipt has not been provided to the Clerk-Treasurer’s office within two (2) weeks of the date of the claim/voucher being processed is the personal responsibility of the employee whose name appears on the card.

Lost or stolen cards must be reported immediately to the Clerk-Treasurer’s office.

Policy #11: Employee Assistance Program

GENERAL STATEMENT

The City of Columbus recognizes that personal and behavioral-medical problems can affect employees' well being and impair job performance. Many personal problems can be successfully resolved provided they are identified early and appropriate care is provided. To assist employees and dependent family members, the City of Columbus offers an Employee Assistance Program (EAP) for all employees.

POLICY

The EAP provides counseling for marital or family problems, personal stress, mental health or emotional problems, drug and alcohol problems, financial problems or other concerns. Special aspects of The City of Columbus EAP are below:

A limited number of counseling sessions are provided by the EAP at no charge to employees or family members.

Any employee or dependent family member may call the EAP office to request services. With self-referrals, all verbal and written communication is confidential. Information is released only with an employee's written consent.

In most cases, participation in the EAP is voluntary, however, management may refer employees whose job performance has declined noticeably and usual supervisory procedures have not resolved the job performance problem. The manager who makes a referral can be informed if the employee appeared at the EAP as scheduled, and if further services are recommended.

The policy of the Employee Assistance Program complements but does not supersede other administrative policies.

Vacation days may be taken as accrued or collectively. All vacation requests are subject to supervisory approval prior to the scheduled start of the leave. Supervisors will try to comply with employee requests as long as the City staffing needs are met. In the event that two employees request the same time period, vacation leave will be granted by seniority within the department.

Policy #13: Holiday Policy

GENERAL STATEMENT

The City recognizes several holidays each year. All full time employees will receive their regular compensation for each holiday.

The City will accommodate the religious observances and practices of employees except where such accommodation causes undue hardship on the conduct of the City's business. The extent of the City's obligation is to be determined by considering business necessity, financial costs and expenses and resulting personnel problems.

Full time salaried employees required to work on any of the holidays listed in this section shall be paid at a rate of one and one half (1-1/2) hour compensatory time off for each hour worked during the holiday.

Policy #14: Bereavement and Funeral Policy

GENERAL STATEMENT

City employees are eligible to take leave from their employment for bereavement and funerals. As it applies to this policy, the City will accommodate associated religious observances and practices of employees except where such accommodation causes undue hardship on the conduct of the City's business. The extent of the City's obligation is to be determined by considering business necessity, financial costs and expenses and resulting personnel problems.

POLICY

City employees are eligible for bereavement and funeral absences in the following manner:

(i) BEREAVEMENT AND FUNERAL ABSENCES

City employees are eligible for leave with pay for attending the funeral of a relative on a regularly scheduled workday. Time off should not exceed allowable days off and must be in conjunction with the date of the death or funeral. Such leave may be granted upon the death of:

1. Five (5) paid workdays- For the death of a spouse, child or person living in the same household with employee, or the employee's father or mother.
2. Three (3) paid work days- For the death of a brother, sister, grandparent, grandchild, or the spouse of any of these. Also three (3) days for the death of spouse members mentioned in #1 or #2.
3. One (1) paid work day- For the death of an aunt, uncle, niece or nephew.

The department head has discretion to grant three (3) calendar days maximum leave to be charged against earned or sick time for the death of someone other than those listed above or to extend the leave for those relatives listed above to accommodate unusual circumstances.

As outlined above, pay during the bereavement and funeral absence of an employee shall be considered time worked.

Requests for additional time off without pay may be granted at the discretion of the department head.

Policy #15: Leave and Absence Policy

GENERAL STATEMENT

City employees are eligible to take leave from their employment for various reasons.

The City will accommodate the religious observances and practices of employees except where such accommodation causes undue hardship on the conduct of the City's business. The extent of the City's

obligation is to be determined by considering business necessity, financial costs and expenses and resulting personnel problems. It is the responsibility of each employee to report and communicate their intentions and provide all necessary documentation, which supports their leave and / or leave requests.

POLICY

All requests for general leave will be evaluated to determine whether the absence qualifies to be counted toward the employee's family medical leave requirement. If your request qualifies for F.M.L.A. designation, all F.M.L.A. time off must be utilized prior to using a discretionary general leave.

City employees are eligible for leaves for the following purposes:

(i) PERSONAL LEAVE DAYS

In addition to the scheduled holidays identified, full time employees may take two (2) personal days with pay for any reason after January 1st of each year. Personal days must be approved in advance by the employee's immediate supervisor. Employees who start their employment prior to July 1st will receive one personal day during the remainder of the calendar year in which they start. This personal leave may be broken into segments with a maximum of sixteen (16) hours.

(ii) JURY LEAVE

All employees shall receive leave to serve on a jury in any federal or state court without loss of pay. Employees will be paid his regular salary less jury pay while serving on a jury upon delivery of jury pay voucher to the Clerk-Treasurer's office.

Employees are expected to report for work when doing so does not conflict with court obligations, but are not required to spend more than eight hours per day in combined work and jury service.

(iii) GENERAL LEAVE

Any full time employee, upon application in writing and with the approval of the department head, may be granted an authorized leave of absence without pay for a period not to exceed six (6) months. Leaves require the approval of the Supervisor, Department Head and Personnel Director. If a leave of absence is granted, the employee shall be re-employed in the position from which the leave was taken with the department granting said leave.

When such a leave is requested, all accumulated vacation leave will be exhausted before the start of the leave of absence. During this leave of absence, the employee will not be eligible for any pay or fringe benefits but the leave will be considered as time worked for the purpose of seniority. Health and life insurance benefits can be continued, but only at the expense of the employee and if the employee pays the premiums due in full and on time during the leave period.

An employee failing to report on the day specified in the leave request, shall be terminated from employment unless an extension is requested in writing and granted. An extension may be granted, in limited circumstances, with the approval of the City of Columbus Personnel Director, who will seek input from other members of the Disability Management Committee (see Policy #4), when appropriate.

(iv) MILITARY LEAVE

Any employee who is a member of a Reserve Unit of the Indiana National Guard or any of the Armed Forces of the United States shall be entitled to a leave of absence from their respective duties. This leave shall be limited to fifteen (15) days annually and will not be granted until the employee brings notification of the leave, active service or training to his supervisor. The employee shall receive his regular pay for the period(s) of military leave. The employee shall be required to submit a military pay voucher to verify attendance. Failure to submit the employee's military pay voucher to the department head will result in disciplinary action. An extension of military leave without pay due to emergency circumstances must be authorized by the department head.

If the employee enters into active military service, the employee will be granted a leave of absence. Such a leave will be without pay. If the employee desires to return to the City after active military service, the

employee will be granted those re-employment rights, privileges and benefits to which the employee is entitled by reason of active military service under existing laws.

(v) *SICK LEAVE*

In order to minimize the economic hardships that may result from an unexpected short-term personal or family illness or injury, the City provides regular full time employees sick benefits. Each full time employee is eligible for 48 hours sick leave during the calendar year. Temporary and part time employees are not eligible for sick leave benefits. During the first year of employment, new employees accrue one-half day per month. During the first three (3) month introductory work period, days are accrued but may not be taken.

A notification from a doctor that an employee is able to return to work may be required for any absences of longer than three days. Supervisors may request a doctor's certification for any absence.

Sick pay is available only in the case of actual illness or injury of an employee or the employee's family member. Sick pay benefits are available beginning with the first hour away from the job due to illness or injury. No sick leave benefits are paid upon termination of employment for any reason or retirement, nor can sick leave benefits be applied as extra vacation.

All employee absences will be evaluated to determine whether the absence qualifies to be counted toward the employee's family medical leave entitlement. (See Family Medical Leave Policy)

Unused sick leave benefits may accumulate from year to year to be used in the event of a long term illness. However, employees are not paid for unused sick leave benefits.

Employees who are unable to report to work due to personal or dependent illness or injury must contact their supervisor as soon as possible and no later than their normal starting time. If an employee becomes sick during the day, the supervisor must be notified before the employee leaves the work site. Failure to follow these procedures will result in treatment of the day as an unexcused absence and can result in disciplinary action as well.

Employees who become temporarily or totally disabled due to illness, accident or injury, may be eligible for income protection insurance coverage, through the accident and sickness policy. This is commonly known as short-term disability insurance. Coverage is subject to the policies and provisions of the current accident and sickness coverage. This provides up to thirteen (13) weeks coverage at a percentage of salary. This includes, but is not limited to pregnancy, childbirth, and related medical conditions. When an employee is absent due to injury while on the job, the employee shall be entitled to the prescribed wages as per the state worker's compensation law.

Policy #16: Family Medical Leave Policy

GENERAL STATEMENT

The City of Columbus complies with all applicable federal and Indiana labor and employment laws, including the Family and Medical Leave Act of 1993 (F.M.L.A.). Under the F.M.L.A., eligible employees are entitled to certain rights, and have certain obligations, with respect to unpaid leave for certain family and medical reasons.

All eligible employee leaves for family and medical reasons will be counted toward the employee's twelve (12) weeks of protected leave under the F.M.L.A. and not in addition thereto.

POLICY

The City of Columbus makes available to eligible employees the availability of F.M.L.A. leave. The Personnel Director will administer the plan. To qualify, employees must assist with determining if the request is applicable. Employees must have worked for twelve (12) months and 1,250 hours during the prior twelve (12) months. Specific requirements of the plan are available from the Personnel Department. Any time off paid or not, may be designated as F.M.L.A. Any family medical leave time taken that does not

include vacation, sick time, personal time, or use of compensatory time or use of short-term disability time is without pay.

Where the need for F.M.L.A. leave is foreseeable, the employee must give at least thirty (30) days notice, or as soon as practical.

During F.M.L.A. leave, the City of Columbus will continue to pay its portion of the health insurance premium. Failure of the employee to pay his share of the health insurance premium may result in loss of coverage. If the employee does not return to work after the expiration of the leave, the employee will be required to reimburse the City of Columbus for payment of the health insurance premium payments.

The City of Columbus will use a calendar year (from January 1-December 31) for measuring an employee's F.M.L.A. period.

Employees who return from family medical leave within or on the business day following the expiration of the twelve (12) weeks are entitled to return to their original positions or positions with equivalent pay, benefits, and other terms and conditions.

A general outline of the plan includes:

1. *Determining F.M.L.A. leave eligibility which includes determining of reasons for F.M.L.A. leave and employee leave year.*
2. *Reason for leave*
 - To care for a newborn child, or a child newly placed in the employee's custody through adoption or foster care, for a period for up to one year after such birth or placement;
 - To care for the employee's spouse, child, or parent who has a serious health condition; or
 - Because of the employee's own serious health condition, if that condition renders the employee unable to perform his or her job functions.

The City of Columbus will not: (1) interfere with, restrain, or deny the exercise of any right provided under the F.M.L.A.; (2) discharge or discriminate against any person for opposing any practice made unlawful by the F.M.L.A.; or (3) discharge or discriminate against any person for his or her involvement in any proceeding under or relating to the F.M.L.A.

Policy #17: Military Family Leave Policy

GENERAL STATEMENT

The Military Family Leave Act (Ind. Code 22-2-13), which is akin to the federal Family and Medical Leave Act ("FMLA"), became effective July 1, 2007. The FMLA requires covered employers to provide job-protected leave to eligible employees for certain family and medical circumstances. Indiana's Military Family Leave Act provides benefits beyond those available under the federal Uniform Services Employment and Reemployment Rights Act ("USERRA"), which provides employment benefits and protections to employees called to active military duty.

POLICY

Employers covered under the Indiana law are the state and its political subdivisions and other employers with 50 or more employees for each working day during each of at least 20 calendar workweeks. The FMLA's definition is the same except it includes the modifier "during the current or preceding calendar year."

Eligible Employees

The law makes job-protected leave available to certain family members of individuals on active duty in the United States Armed Forces or the Indiana Army or Air National Guard. "Active duty" is defined as full-time service on active duty orders for a period that exceeds 89 consecutive calendar days.

Employees who are eligible for military family leave:

- Spouse
- Parent (Parent is more narrowly defined than by the FMLA.)
 - Biological or adoptive mother or father
 - Court-appointed guardian or custodian
- Biological Grandparent (not covered under the FMLA)
- Brother or Sister (not covered under the FMLA)
 - By blood
 - By half-blood
 - By adoption

To be eligible for family military leave, an employee: (1) must have been employed by the employer for at least 12 months and (2) must have worked at least 1,500 hours during the 12-month period immediately preceding the date that the leave is to begin. (The FMLA has a 1250-hour requirement.)

Leave Entitlement

The Military Family Leave Act permits eligible employees to take up to 10 days off work per year to spend time with a family member called to active duty. (The FMLA provides for up to 12 work weeks per year of job-protected leave related to the serious health condition of an employee or certain employee's family members or for the birth or placement of a child for adoption or foster care.) Unlike the FMLA, Indiana's law does not define "year" for purposes of the 10 day leave entitlement, though employers should define that term for purposes of administration. Pending further guidance from Indiana's legislature or courts, Military Family Leave will follow the FMLA calendar. Military Family Leave can be taken at the following times: the 30 days before active duty orders are in effect; during a leave provided to the one on active duty while the active duty orders are in effect; and the 30 days after the termination of the active duty orders.

Job Protections

Employees who take military family leave are entitled to restoration to the same or an equivalent job at the end of their leave unless the employer can prove that the reason for not restoring the employee is unrelated to the employee's exercising his/her legal rights to leave. Employees also are entitled to continuation of their group health benefits while on leave. Though the law allows employers to require employees to bear the full cost of benefit continuation, imposing such a requirement may be impractical or at least lower employee morale given the relatively brief period of the leave.

Paid Time Off

Similar to the FMLA, the Indiana Military Family Leave Act allows an employer to require employees to use earned paid vacation, personal leave, or other paid leave for any part of the 10 days of otherwise unpaid leave. If the employer does not require the employee to use such paid leave, the employee, nonetheless, may elect to do so. If the employer requires or the employee elects to use earned paid leave, those days count toward the 10-day total. The employee is not entitled to an additional 10 unpaid days of leave. Rather, the employee is entitled to up to 10 days of job-protected leave, whether those days are paid, unpaid, or a combination. This permissive "substitution" principle mirrors the FMLA's concept. However, it runs counter to USERRA's prohibition against compelling use of paid time off benefits during active duty, so this may cause employers confusion. Employers cannot require nor may employees request to use paid sick or medical leave for military family leave.

Notice to Employer

Employees must give employers written notice, with a copy of active duty orders, if available, before taking military family leave. Employees must provide at least 30 days notice before the date the requested leave is to begin unless the active duty orders are issued fewer than 30 days prior to the date the requested leave is to start. Employers also may require verification of an employee's eligibility for leave. If an employee does not provide the required verification, the employer may treat the absence as unexcused.

Employee Notice

Although the new law does not require employers to post notices or issue written policies regarding military family leave, employers should consider revising their employee handbooks and to be prepared to answer

questions about this new law. As with the FMLA, employers must accurately track the amount of military family leave taken by employees.

No Retaliation

Employers are prohibited from interfering with, restraining or denying an employee's exercise or attempted exercise of rights under this law. Employees may sue in circuit court for an injunction directing the employer to honor the request for leave or for other forms of equitable relief.

Chapter 2 Pay and Performance

This Chapter deals with general statements and policies on Compensation, Scheduling & Attendance; PERF; and Health, Life & Disability Insurance.

Policy #18: Compensation, Scheduling and Attendance Policy

GENERAL STATEMENT

The City of Columbus recognizes the need for consistent, quality delivery of municipal services to its citizens and therefore has established standard employment practices.

All employees are expected to maintain a satisfactory level of attendance. Absenteeism and tardiness unfavorably impact productivity and overall quality of customer service provided by the City. It is important that you be available when needed.

POLICY

(i) WORK SCHEDULE

The normal work week is forty (40) hours for all employees covered under this section of the Personnel Policy. Work schedules shall be approved by the appropriate department head. Due to the nature of the work in some departments, for public safety or for efficient City operations, exceptions to the normal work week schedule may be appropriate. All exceptions shall be approved by the Personnel Review Committee.

A copy of all schedules shall be maintained for all employees for a period of not less than five calendar years.

Employees should, when possible, be notified at least one week in advance of a permanent change in normal scheduled work hours.

The City will accommodate the religious observances and practices of employees except where such accommodation causes undue hardship on the conduct of the City's business. The extent of the City's obligation is to be determined by considering business necessity, financial costs and expenses and resulting personnel problems.

(ii) OVERTIME

Occasionally, the City may require overtime for nonexempt employees on short notice. Although situations may arise that prevent employees from working overtime, we do expect all of our nonexempt employees to be available to work overtime when it is necessary.

Nonexempt Hourly and Nonexempt Salaried Employees

Nonexempt hourly and nonexempt salaried employees will be compensated for all hours worked over forty (40) hours per period with a supervisors approval of either overtime pay or compensatory time off (refer to the compensatory time section below). Employees who choose to receive overtime pay will be paid at a rate of one and one-half (1.5) times their regular hourly rate for all work beyond forty (40) hours per period. Overtime hours shall be tracked by employees and supervisors in thirty (30) minute increments. This provision shall not apply to employees who are scheduled to work less than forty (40) hours per work period.

Holiday, vacation, personal days, compensatory time off, jury duty, bereavement, and military leaves will be considered hours worked for the computation of overtime pay. Paid hours not actually worked or other nonworked time (e.g., absences—with the use of sick time, etc.) shall not be considered hours worked for the computation of overtime pay.

Nonexempt hourly and nonexempt salaried employees who have worked their scheduled shift, have left the premises and are then called back to work shall be paid either one and one half (1.5) times their regular hourly rate for the actual hours worked or three (3) hours at the applicable straight time regular rate, whichever is greater. This provision shall not apply to employees who are scheduled to work less than forty (40) hours per work period.

Work performed on a Sunday shall be compensated at a rate of one and one-half (1.5) times the regular hourly rate unless Sunday is an employee’s regularly scheduled work day. All overtime must be approved in advance by the employee’s supervisor.

Additionally, department heads may opt to utilize a qualified half-time overtime pay plan according to Ordinance #49, 1985.

Exempt Salaried Employees

Exempt salaried employees are not eligible to receive overtime pay; however, they are eligible to receive compensatory time off for approved work performed over forty (40) hours per period (refer to the compensatory time off section below).

Compensatory Time Off

Compensatory time off is time away from work awarded to nonexempt employees in lieu of approved overtime pay or to exempt employees for any approved work performed over forty (40) hours per period. It will be tracked in thirty (30)-minute increments. Employees may not receive overtime pay and compensatory time off for the same hours worked. Compensatory time is earned according to the table below:

Employee Type	Nonexempt Hourly	For Each Hour Worked Over 40 the Employee Earns: *	1.5 hours of compensatory time off	Maximum Number of Hours to be Earned	240
	Nonexempt Salaried		1.5 hours of compensatory time off		
	Exempt Salaried		1 hour of compensatory time off		

** Reported on Timesheet in thirty (30) minute increments.*

Employees may never accumulate more than a maximum of 240 hours at any given time. Exempt employees who have the maximum number of compensatory hours banked will not earn any additional time off for work performed over forty (40) hours per period. However, nonexempt employees who have reached their maximum amount of compensatory time off will receive overtime pay for work performed over forty (40) hours per period.

Upon separation of employment (voluntary or involuntary), nonexempt employees will receive payment for any earned compensatory time off. Exempt employees will not receive payment for accumulated hours.

Special Note: Effective October 7, 2008 employees cannot accumulate compensatory time off in excess of 240 hours unless approved by Human Resources. To transition to this new policy,

employees having compensatory time off in excess of 240 hours must redeem that time during the next eighteen (18) months or it will be forfeited. If separation of employment should occur within these eighteen (18) months, nonexempt employees will receive payment for any earned compensatory time off; exempt employees will not.

Pursuant to the FLSA as amended, the City has a process to review and resolve employee complaints over pay to:

1. Reimburse the employee(s) for any improper deductions.
2. Protect employees by allowing for a procedure to review employee complaints.

FLSA COMPLAINT PROCESS:

Step 1: Employee complaints are to be received in writing to the Personnel Office. The complaint should include the time period in which the improper deductions were made; the job classification; job description; and list of employees working for the same manager.

Step 2: The Personnel Office will utilize the Personnel Review Committee (PRC). This is established in Policy #3 of this Handbook. The PRC will investigate all allegations. Operationally, the PRC will follow Federal and State laws and local practices without expanding or creating additional liability for the City.

(iii) BREAKS

The length of the lunch period shall not exceed sixty (60) minutes nor shall it be less than thirty (30) minutes. The lunchtime shall not be considered time worked and will not be compensated. The employee's supervisor shall determine when the lunch break is to be taken so as not to interfere with the efficient operation of the department.

Employees should be allowed two (2) fifteen (15) minutes rest breaks during the work day. The employee's supervisor shall determine when the rest break is to be taken so as not to interfere with the efficient operation of the department.

(iv) TARDINESS AND ABSENTEEISM

An employee unable to report for work at the scheduled starting time of his shift shall notify his immediate supervisor fifteen (15) minutes prior to the start of the work day and explain the reason for the tardiness and anticipated arrival time unless the department has other previously published and duly approved notification requirements.

An employee who will be absent any part of a work day due to illness or other reasons shall notify his immediate supervisor at least fifteen (15) minutes before the start of his work day explaining the reason for the absence and anticipated day of return unless the department has other previously published and duly approved notification requirements.

Failure to report according to this policy or alternate approved and published policies will be considered absence without authorization. Department heads may excuse the absence or the failure to notify using the prescribed procedure as detailed above if the absence or failure to notify is caused by circumstances beyond the employee's control. Other absenteeism or unreported absence shall be unexcused and shall subject the employee to disciplinary action.

Department heads shall keep records of all absences of employees in their department. These records shall include whether the absence was excused or unexcused, the pertinent details concerning the absence, and whether it was reported according to this policy or alternate approved and published policy.

Employees absent without authorization or tardy shall receive a letter of warning from their supervisor. A copy of this written warning shall be placed in the employee's personnel file. Further tardiness or absence without authorization may result in suspension or dismissal.

(v) PAYDAYS

The Clerk-Treasurer and Board of Works will determine pay schedules for salaried and hourly employees.

(vi) PAYROLL DEDUCTION

Upon written directive of the employee, the Clerk-Treasurer may make deductions from the employee's paycheck.

(vii) TIME CLOCKS

Employees may not clock in more than ten (10) minutes prior to the start of their shift or no later than ten minutes after the end of their scheduled shift.

(viii) VOLUNTEERISM

The City does not wish to impede volunteer activities undertaken for civic, charitable, or humanitarian purposes, but wishes to prevent manipulation or abuse of minimum wage or overtime requirements through coercion. If an employee volunteers for a City sponsored charitable activity, it should be in a different capacity than which they are employed by the City.

(ix) FULL TIME EMPLOYEES AND PART TIME EMPLOYMENT

City employees with additional Part time positions with any other City Agency must report their employment to the City Personnel Director. Second jobs with the City or any City Agency are discouraged and require the payment of overtime for hours worked over the normal work period. Exceptions are narrowly defined. All must be reviewed on a case-by-case basis for compliance with the Fair Labor Standards Act.

Chapter 3 Hiring, Development and Separation

This Chapter deals with general statements and policies on Voluntary & Involuntary Separation; Transfers, Demotions & Layoff; Applications; Employment Status; and Job Openings.

Policy #24: Resignation, Discharge and Retirement Policy

GENERAL STATEMENT

Circumstances may arise where an employee will have his employment with the City terminated. Terminations may be initiated by either the employee or the City.

POLICY

(i) RESIGNATION

Employees who decide to resign their employment status with the City should notify their supervisor at least two (2) weeks before the effective date of termination.

A minimum of two weeks advance written notice is required to remain in "good standing." Letters of resignation must be routed through your supervisor to the Personnel Department. No employee is eligible to be paid for unused accumulated sick leave.

(ii) DISCHARGE

Procedure

The Personnel Director shall be notified prior to the termination of any employee. The Personnel Director, upon receiving notification of the intent to discharge a full time City employee, shall arrange a meeting with the affected employee, his supervisor and department head. After consideration of the facts, the Personnel Director in conjunction with the department head shall make a determination concerning the advisability of the discharge. In cases where the Personnel Director and the department head involved cannot agree the City Attorney shall review the discharge with the department head and Personnel Director. At that this point, the City Attorney, Personnel Director and Department Head will make a final determination.

Appeal

In the event the matter is not settled to the employee's satisfaction, the matter shall be presented by the affected employee to the appropriate governing board or commission within fifteen (15) calendar days from the date the decision of the Personnel Director was received. The departments that do not have a designated board or commission shall have appeals presented to the Board of Public Works and Safety.

The Mayor, upon receiving notification of an appeal at this level, shall appoint a three (3) person committee to hear the appeal and make recommendations concerning the matter to the Board of Public Works and Safety for action.

The appeal shall be heard by the appointed committee within thirty (30) calendar days of the notification of the request for appeal.

At this time, comments may be made regarding the department, or the City in general. Comments, based on first hand experience, can be extremely helpful.

Policy #25: Transfer, Demotion and Layoff Policy

GENERAL STATEMENT

Circumstances may arise which will require employees to move from their current positions. These circumstances may be a result of budgetary considerations, organizational changes, employee request for change and other reasons. The following procedures have been developed to handle these situations.

POLICY

(i) TRANSFER

Full time employees of the City of Columbus shall receive notice of all job openings, which will be posted in all City departments for a period of seven (7) days. Employees who desire to transfer to a posted position shall complete a transfer application in the Personnel Department. Employment with the City does not guarantee a job transfer. Transfer requests are only accepted from City employees. With all other instances, a completed application must be submitted for consideration of a position.

The Personnel Department will send the transfer materials to the department having the opening and interviews will be arranged if the employee meets the minimum qualifications for the job.

When transferring, seniority, vacation, personal days, compensatory time and sick leave will transfer with the employee to the new full time position.

Rehiring a former City employee does not convey transfer rights. A break in service to the City may be of any length and as a result of resignation, layoff or realignment of work to non-City employment. These instances are considered terminal in that they reset (i.e.- "zero out") seniority, vacation, personal days, compensatory time and sick leave if rehired.

(ii) DEMOTION

Employee demotion shall constitute a reassignment to a lower classified and paying position and may or may not reflect disciplinary proceedings.

There are situations when an employee is unable to perform job duties as assigned. If a suitable opening is available, the employee may be reassigned or demoted if it can be expected that the employee will be able to perform the duties incumbent to the new position.

Organizational change may also make assignment and / or demotion necessary. If any employee's position has been abolished and / or reclassified, every attempt will be made to reassign or transfer this employee to a similar classification at comparable pay.

(iii) LAYOFFS

Circumstances may arise which could cause a reduction in the work force. Such reductions may be caused by but not limited to budget limitations, seasonal employment, weather conditions or other similar occurrences.

These layoffs will be determined based on the following criteria:

- Performance history.
- Length of service with the department.
- Attendance history.

Reduction in work force shall be by department only. If other positions are open within the City, the Personnel Office will notify those department heads of the qualifications of the employees who have lost their jobs due to work force reduction.

Insofar as practical, department heads will give at least two (2) weeks advance notice of such layoff. Employees are entitled to previously earned vacation pay.

Policy #26: Employment Applications Policy

GENERAL STATEMENT

The Personnel Committee will prescribe a uniform employment application to be used for filling vacancies in existing and new positions.

POLICY

An employment application for civilian positions will remain "active" for ninety (90) days after it is received in the Personnel Department. After this ninety (90) day period has lapsed, it will be necessary for the applicant to complete a new employment application.

Each employee is required to take a pre-employment physical examination after receiving an offer of employment and prior to beginning the job. This examination is provided at City expense. Every offer of employment is contingent upon an employee's successful completion of the physical examination.

Policy #27: Employee Status Policy

GENERAL STATEMENT

The City has established indicators which reflect the various employment status designations to be utilized by departments.

POLICY

Employees will be classified as either full time, part time, temporary and seasonal, job share, or student employees.

(i) FULL TIME EMPLOYEE

An employee who is hired as a full time employee and is subsequently scheduled all normal City hours or department hours (not less than 30 hours in any week) and all hours as requested by his individual department. This employee is entitled to all applicable rights and benefits provided by the City.

(ii) PART TIME EMPLOYEE

An employee whose regularly scheduled work week is less than 30 hours per week. Part time employees are not eligible for any right or benefit prescribed in these Personnel Policies. Time off shall be scheduled and approved by the supervisor.

(iii) TEMPORARY AND SEASONAL EMPLOYEE

An individual employed for a non-permanent duration of time (e.g. summer help, vacation replacement or relief work). A temporary employee is not eligible for any right or benefit prescribed in these Personnel Policies. If a temporary or seasonal employee becomes hired by the City in a full time or job share employee status, without a break in service, the hire date will revert back to the original temporary date of service for the purpose of benefits eligibility.

(iv) JOB SHARE EMPLOYEE

At the discretion of the department head involved, a full time position may be split between two or more part time employees provided that the pay as set forth in the applicable salary ordinance for the position shared is not exceeded. Job share employees shall be entitled to a prorated portion (actual hours worked / 2080) of a full time employees vacation and sick pay allowance. Job share employees shall not be eligible for any other benefits prescribed in these Personnel Policies.

(v) OTHER SPECIAL EMPLOYEE

Includes employees who occupy job positions which may from time to time be created as a result of grants or supplemental assistance, grants-in-aid, or other outside funding sources. An employee in this classification is not eligible for any right or benefit prescribed in these Personnel Policies.

Policy #28: Job Openings and Recruitment Policy

GENERAL STATEMENT

Department heads may utilize a variety of methods to insure that high quality candidates will be recruited to fill job vacancies.

POLICY

When a job vacancy occurs or a new job is created, the department head involved will initiate a personnel requisition form to be completed and forwarded to the Personnel Department for immediate posting in all City departments. This form, which shall be approved by the Personnel Director, will include a brief description of job duties and requirements, pay and hours. Job openings shall be posted for seven (7) days. Simultaneously, additional recruitment sources may be utilized, and should be coordinated with the Personnel Department. No hiring decisions will be made until the seven (7) day posting period is completed.

Current employees who wish to apply for a posted position must notify the Personnel Department within the seven (7) day period. The employee's pertinent personnel records will then be copied and forwarded to the hiring supervisor for consideration. Employee qualifications will be reviewed as to how well they meet the essential qualifications of the posted position. Interviews will be arranged for candidates that meet the necessary qualifications of the job. Prior to this interview, the employee's current supervisor will be notified of the pending interview by the Personnel Department.

All position postings shall include the words-

**Equal Employment Opportunity
M / F / H / V**

Policy #29: Introductory Work Period Policy

GENERAL STATEMENT

Every person appointed, promoted or transferred to a position within the City shall be subject to an introductory work period of three (3) months duration, except as detailed herein or as modified by the specific job description or job posting.

POLICY

Every person appointed, promoted or transferred to a position within the City shall be subject to an introductory work period. This is a working test period.

The length of the working test period varies, but is generally as follows:

The introductory work period shall be used for the purpose of closely observing an employee's work to assess suitability and qualifications for the position. In addition, it is a time for the employee to determine his own suitability for the position.

At the end of the introductory work period, the supervisor makes the final evaluation and recommends to the department head what the employee's status should be. A supervisor may extend this period by ninety (90) days for additional training or observation if warranted. All extensions must be documented and coordinated with the Department Head and Personnel Director. Termination and / or transfer action back to previously classification may be taken at any point during the introductory work period.

Table: Introductory Work Periods For Full Or Part Time Employees

Employee Classification	Minimum Working Test Period
Full Time Employees	Three (3) Months With A Three (3) Month Extension Possible
Technically Degreed Employees	Six (6) Months With A Three (3) Month Extension Possible

Chapter 4 Safety and Health

This Chapter deals with general statements and policies on Workplace Violence; Motor Vehicle Checks; Smoking; Housekeeping; Evacuation; Universal Precautions; and Safety & Conduct Rules.

Policy #30: Violence Prevention Policy

GENERAL STATEMENT

Nothing is more important to the City than the safety and well-being of its employees. Threats, threatening behavior or acts of violence against employees, visitors, guests or other individuals by anyone on City property will not be tolerated. Violations of this policy will lead to disciplinary action which may include dismissal, arrest, and prosecution.

POLICY

Any person who makes substantial threats, exhibits threatening behavior, or engages in violent acts on City property shall be removed from the premises as quickly as safety permits and shall remain off premises pending the outcome of an investigation. Infractions of this policy are considered major violations of the Safety & Conduct Rules. The City will initiate an appropriate response, including but not limited to suspension, reassignment of duties, termination of employment and / or business relationship, and / or criminal prosecution of the person(s) involved.

No existing policy, practice, or procedure should be interpreted to prohibit decisions designed to prevent a threat from being carried out, violent act from occurring, or a life-threatening situation from developing.

All City personnel are responsible for notifying their supervisor or representative(s) designated below of any threats that they have witnessed, received, or have been told that another person has witnessed or received. (Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent, when that behavior is job related or might be carried out on or at a City site.) Employees are responsible for making this report regardless of the relationship between the individual initiating the threat or threatening behavior and the person(s) receiving the threat, including domestic problems which they fear may result in violent acts against them or a co-worker.

All individuals who apply for or obtain a protective or restraining order which lists City locations as protected areas must provide a copy of the petition used to obtain the order, as well as a copy of the protective or restraining order which was granted to their immediate supervisor or the designated representative(s) listed below.

The City understands the sensitivity of the information requested and has developed confidentiality procedures that recognize and respect the privacy of reporting employee(s).
The designated representative(s):

Table: Reporting Process

Personnel Department Manager, City Hall	Backup to Primary Contact

Policy #31: Weapons Policy

GENERAL STATEMENT

The City strictly prohibits and does not tolerate weapons at the organization's facility, on the organization's property, or at any organization-sponsored event.

POLICY

Weapons include visible and concealed weapons, including those for which the owner has necessary permits. Weapons can include firearms, knives with a blade longer than three (3) inches, explosive materials or any other objects generally considered a weapon that could be used to harass, intimidate, or injure another individual, employee, manager, or supervisor.

Employees who violate this policy may be subject to disciplinary action up to and including termination.

Procedure for Reporting Violations of the Weapons Policy:

If you know of any employee possessing a weapon, you are encouraged to discuss your questions, problems, complaints, or reports with your immediate supervisor or Personnel Department. If you feel uncomfortable doing so, or if your supervisor is the source of the problem, condones the problem, or ignores the problem, report to the supervisor's supervisor or Personnel Department.

You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

Policy #32: Motor Vehicle Record Check Policy

GENERAL STATEMENT

In the interest of public safety and risk management, the Insurance Department will check driving records of job candidates and employees with the Bureau of Motor Vehicles. The criteria by which driving records are reviewed will be maintained by the Insurance and Risk Management Departments and be in accordance with the coverage and policies of our insurance carriers.

POLICY

The driving record check of job candidates and employees will occur when the possession of a special license is required or the operation of a City owned vehicle is possible.

Sub-standard driving records of a job candidate will disqualify the individual from employment when the driving or operation of a City owned vehicle is an essential job function. Likewise, when an employee's driving record disqualifies the employee from operating a vehicle, the employee will be removed from any position that requires operating a City vehicle.

Employees are required to immediately report serious violations such as drug charges, DUI, license suspension, reckless driving or other serious violations to their supervisor. A written notice is to be sent to the Insurance Committee. Failure to notify the Supervisor of serious traffic violations constitutes a major violation of rules and conduct.

Appeals of this policy must be made in writing to the Insurance Department. Exceptions will only be made with the Insurance Review Board completely satisfied that the circumstances creating the problem are non-continuing (future license checks); action is being taken to prevent re-occurrence (driving school, chemical dependency program, attendance at AA meetings); and other criteria.

Policy #33: No-Smoking Policy

GENERAL STATEMENT

The City's no-smoking policy prohibits the use of any tobacco products within City offices, facilities, and/or vehicles.

The City's no-smoking policy permits smoking only in designated areas. If you are a smoker, ask your supervisor about the smoking policy for your work area. Make sure you advise any visitors of the smoking policy as well. This is for the health and well-being of our employees and guests.

POLICY

Non-compliance constitutes a minor violation of the Personnel Policy.

Policy #34: Housekeeping Policy

GENERAL STATEMENT

In the interest of safety, personal well being, and pleasant working atmosphere, employees are expected to keep their work areas clean and neat at all times.

POLICY

Neat working areas prevent waste. All employees are expected to take every reasonable step to avoid waste. Everything we use costs money. The more expenses we save, the more resources we have to improve and offer more services and better paying jobs.

Supervisors may assign clean-up duty as is necessary to meet the intent of this policy.

Policy #35: Evacuation Procedure Policy

GENERAL STATEMENT

The City is committed to the safety of its employees and visiting public.
