## **GENERAL SELECTION CRITERIA**

All eligible activities for funding under the Community Development Block Grant (CDBG) program must meet at least one (1) of three (3) national objectives:

1. Benefit low- and moderate- income individuals;
2. Eliminate slum and blight; or
3. Meet a need having a particular urgency, which is a detriment to the health and safety of the general public.

Any project selected for funding must adhere to all federal requirements and meet the objectives established in the 2019-2023 Consolidated Plan for Housing and Community Development for the City of Columbus located at <http://www.columbus.in.gov/community-development/cdbg-information/>. In addition, projects selected must comply with the City's commitment to utilize funds to benefit low/moderate income persons.

The City of Columbus will consider the general criteria listed below when evaluating a project application. All projects will be reviewed for completeness; if deficiencies are identified your organization will be given the opportunity to make the necessary corrections. However, these corrections must be completed prior to June 12<sup>th</sup> which allows for the scoring of the project prior to the Consolidated Plan/Action Plan submission to HUD for funding approval. *Note that HUD requires recipients of federal funding to assess the outcomes of their program or projects using a Performance Measurement System. This process has been designed to establish and track measurable goals and objectives for the CDBG programs. All approved applications will be required to comply with Performance Measurement System (pages 5-6 of this application).*

1. The applicant must be incorporated and possess the legal capacity to carry out the proposed program / project.
2. The applicant must have adequate administrative capacity to carry out the proposed project.
3. If the applicant has previously received funds under the City of Columbus's Community Development Block Grant, they must have successfully carried out the project. An applicant must not have any overdue audit or unresolved monitoring findings.
4. The applicant must clearly show the manner in which the proposed project will meet one of the three (3) national objectives listed above.
5. The applicant must show that the proposed project is an eligible activity under the CDBG regulations.
6. The applicant must document any collaboration with other agencies in Columbus.

## **SELECTION CRITERIA**

Proposed activities will be reviewed for eligibility and classification using the six (6) steps described below. Applications will also be evaluated based upon the city's housing and community development priorities as well as funding availability.

- STEP I** Determine if the activity is included within the listing of eligible activities in the CDBG regulations, as modified by statutory amendments.
- STEP II** Determine if the proposed activity falls within a category of explicitly ineligible activities, despite its apparent inclusion within the listing of eligible activities. For example, while many public facilities are eligible for assistance, there is an explicit statutory and regulatory bar prohibiting assistance to “buildings for the general conduct of government”.
- STEP III** Determine if the proposed activity meets one of the national objectives for the program: (1) benefiting low- and moderate- income persons; (2) addressing slums or blight; and (3) meeting a particularly urgent community development need. Each CDBG assisted activity must meet at least one of these national objectives. The manner in which each type of eligible activity can potentially meet the national objectives is outlined in the CDBG Guide to National Objectives & Eligible Activities for Entitlement Communities, which may be found at <https://www.hudexchange.info/resource/89/community-development-block-grant-program-cdbg-guide-to-national-objectives-and-eligible-activities-for-entitlement-communities/>.
- STEP IV** Insure that carrying out the activity with CDBG funds will not result in the grantee violating its certification that at least 70% of CDBG funds will benefit low- and moderate- income persons over one, two, or three consecutive program years, as specified by the city.
- STEP V** Review proposed costs of the activity to determine if they appear to be necessary and reasonable and will otherwise conform with the requirements of OMB Circular A-110 and OMB Circulars A-87, “Cost Principles Applicable to Grants and Contracts with State and Local Governments, OMB Circulars A-122, “Cost Principles for Non-Profit Organizations,” or A-21 “Cost Principles for Educational Institutions,” as applicable. Copies of these OMB Circulars are available upon request.
- STEP VI** Provide information to assist in the completion of the environmental review and clearance procedures for the activity. Those procedures are set forth in 24 CFR Part 58. The city is prohibited by law from releasing funds for a CDBG activity until it certifies that it has met its responsibilities with respect to environmental protection.
