RESOURCE LINKS

Summary

This document provides a comprehensive list of resources related to stormwater management, water quality, and related topics. The resources are categorized into local, state (Indiana), federal, and additional resources to help users easily find relevant information. Each resource includes a clickable link and a brief summary of its content to provide context.

Local Resources

- **Bartholomew County, Indiana GIS**: Bartholomew County, Indiana GIS - Provides geographic information system (GIS) data for Bartholomew County, Indiana.
- **City of Columbus, Indiana Typical Construction Guidelines and Details**: Outlines the standard construction practices and specifications required within the City of Columbus, Indiana.
- **City of Columbus, Indiana Stormwater Management Ordinance**: Details the stormwater management regulations within the City of Columbus, Indiana.
- **City of Columbus, Indiana Stormwater Design Manual**: Details the stormwater design requirements within the City of Columbus, Indiana.
- **City of Columbus, Indiana Zoning Ordinance**: Details the zoning regulations and subdivision regulations for land use and development within the City of Columbus, Indiana.

State Resources (Indiana)

- **Construction Stormwater General Permit (CSGP)**: Defines the requirements for stormwater management during construction activities in Indiana.
- **IDEM Section 401 Water Quality Certification**: The requirements for water quality certifications under Section 401 of the Clean Water Act in Indiana.
- **Indiana Department of Environmental Management (IDEM) Online e303d Tool**: An online tool by IDEM for accessing information related to impaired waters in Indiana.
- **Indiana Department of Natural Resources (IDNR) Permit Programs**: Information on various permit programs managed by the IDNR related to water resources.
- **Indiana Department of Transportation (INDOT) Standards and Specifications**: Provides the standards and specifications for transportation-related construction and maintenance in Indiana.

- Indiana Ground Water Quality Standards (327 IAC 2-11): Details the water quality standards for groundwater in Indiana.
- Indiana Local Technical Assistance Program (LTAP) Stormwater Drainage Manual: Guidance on stormwater drainage practices in Indiana
- Indiana Office of Community & Rural Affairs (OCRA) Performance Summary of Green Infrastructure Practices BMP Fact Sheet: Fact sheets summarizing the performance of green infrastructure best management practices (BMPs) in Indiana.
- Indiana Stormwater Quality Manual: A comprehensive guide to stormwater quality management practices in Indiana.
- Municipal Separate Storm Sewer System (MS4) General Permit (MS4GP): Regulates stormwater discharges from municipal separate storm sewer systems (MS4s) in Indiana.
- WMP and TMDL Reports Search (WATRS) Tool: A search tool for Watershed Management Plans (WMP) and Total Maximum Daily Load (TMDL) reports in Indiana.

Federal Resources

- Environmental Protection Agency (EPA) How's My Waterway?: Allows users to find information about the condition of their local waterways.
- EPA National Menu of Best Management Practices (BMPs) For Stormwater: A comprehensive menu of stormwater BMPs from the EPA.
- EPA Underground Injection Control (UIC) Reporting Forms for Owners and Operators: Provides reporting forms for owners and operators of Underground Injection Control (UIC) systems.
- Federal Emergency Management Agency (FEMA) National Flood Hazard Layer (NFHL) Viewer: A web-based viewer for accessing FEMA's flood hazard data.
- Federal Highway Administration (FHWA) Measurement of Flow and Shear Stress: Discusses methods for measuring flow and shear stress in hydraulic structures.
- FHWA Hydraulic Engineering Circular No. 12 (HEC-12) Drainage of Highway Pavements: Guidelines for the drainage design of highway pavements.
- National Oceanic and Atmospheric Administration (NOAA) National Weather Service Data: Provides access to weather data and forecasts from NOAA's National Weather Service.
- United States Department of Agriculture (USDA) Web Soil Survey: An online tool for accessing soil survey information.
- United States Army Corps of Engineers (USACE) Wetlands Regulatory Program: Information about the USACE's regulatory program for wetlands.
- USDA Natural Resources Conservation Service (NRCS) Urban Hydrology for Small Watersheds TR-55 Manual: A manual detailing hydrologic analysis methods for urban watersheds.

Additional Resources

- Ten States Standards for Water Works: Recommended standards for water works design and operation.
